INDEX TO VOLUME LXXVII

Pagination According to Months:

July, 1945, 1–82
August, 1945, 83–142
September, 1945, 143–290
October, 1945, 291–344
November, 1945, 345–410
December, 1945, 411–460

Ajello, Gloria (See Keeney, Edmund L.) 422
Ajello, Libero: Observations on the Incidence of Tinea Pedis in a Group of Men Entering Military Life 440
Ajello, Libero (See Keeney, Edmund L.) 422, 437
Albanese, Anthony A.: The Dietary Role of Histidine in the Immature and Adult Rat.. 61
Antimony. Microdetermination. Maren, Thomas H. 338

Bacon, Jane (See Keeney, Edmund L.) 422
Bacteriostatic and Bactericidal Effects of Fatty Acid Salts on Bacteria in Broth Cultures. Keeney, E. L., Lankford, E. and Ajello, L. 437
Bigham, Roy S., Jr. (See Howard, John Eager) 291
Bliss, Eleanor A. (See Wilson, Catherine E.) 411
Bodian, David: Poliomyelitic Changes in Multinucleated Neurons, with Special Reference to the Site of Action of Virus in the Cell 49
Book Reviews 69, 287, 448
Brachymetopody. Hooker, Donald H. 329
Britt, Louise (See Keeney, Edmund L.) 422
Broyles, Edwin N. (See Ajello, Libero) 440
Byrne, Anne F. (See Wilson, Catherine E.) 411

Calcium, Urinary Excretion After Fracture 291
Caprylate Sodium in Dermatomycosis 422
Clinical and Electrocardiographic Response to N-Methyl-nicotinamide Chloride Administration in Man. Vance, G. A. 393
Comparison of the Antithyroid Action of Thioureas and Allied Substances. Williams, R. H. and Frame, E. G. 314
Control of Experimental Pneumonia with Penicillin. I. Comparison of Inhalation and Injection Therapy. Wilson, C. E., Hammond, C. W., Byrne, A. F. and Bliss, E. A. 411

Davis, James E. (See Schaub, Isabelle G.) 372
Dermatomycosis 422
Dietary Role of Histidine in the Immature and Adult Rat. Albanese, A. A. & Frankston, J. E. 61

Effects of Crude and Purified Penicillin on Continuous Cultures of Normal and Malignant Cells. Gey, G. O., Gey, M. K., Inui, F. and Vedder, H. ... 116
Eisenberg, Harry (See Howard, John Eager) ... 291
Epivascular Choroidal Pigment Streaks, Their Pathology and Possible Prognostic Significance. Scholz, R. O. ... 345

Fatty acid salts, action on bacteria in broth cultures ... 437
Favour, Cutting B. (See Weber, Robert A.) ... 132
Fracture. Urinary excretion of calcium and phosphorus ... 291
Frame, Elizabeth G. (See Williams, Robert H.) ... 314
Frankston, Jane E. (See Albanese, Anthony A.) ... 61

Gantt, W. Horsley: Toxicity of Sulfanilamide on Higher Nervous Activity ... 104
Gey, G. O.: The Effects of Crude and Purified Penicillin on Continuous Cultures of Normal and Malignant Cells ... 116
Gey, M. K. (See Gey, G. O.) ... 116

Hammond, Carolyn W. (See Wilson, Catherine E.) ... 411
Harvey, Abner M.: Peripheral Neuritis ... 83
Histidine, dietary ... 61
Hooker, Donald H.: Brachymetopody ... 329
Howard, John Eager: Studies on Patients Convalescent from Fracture. III. The Urinary Excretion of Calcium and Phosphorus ... 291
Hypersensitivity to Iodine as a Cause of Periarteritis nodosa. Rich, Arnold R. ... 43

Iodine, hypersensitivity ... 43
Inui, F. (See Gey, G. O.) ... 116

Josephs, Hugh W.: Lipid Response to Vitamin A Administration. A Possible Test for Vitamin A Deficiency ... 402

Keeney, Edmund L.: The Bacteriostatic and Bactericidal Effects of Fatty Acid Salts on Bacteria in Broth Cultures ... 437
Keeney, Edmund L.: Sodium Caprylate. A New and Effective Treatment for Dermatomycosis of the Feet ... 422
Keeney, Edmund L.: (See Ajello, Libero) ... 440
Kibbe, Frank W. (See Lewis, Roger A.) ... 211
Kuffler, Stephen W. (See Harvey, Abner M.) ... 83

Lankford, Elsie (See Keeney, Edmund L.) ... 422, 437
Lewis, Roger A.: Suppression as an Adjunct to the Therapy of Malaria in non-Malarial Areas ... 211
Lipid Response to Vitamin A Administration. A Possible Test for Vitamin A Deficiency. Josephs, H. W. ... 402
Malaria Suppression ... 211
Maren, Thomas H.: The Microdetermination of Antimony ... 338
Marshall, E. K., Jr. (See Gantt, W. Horsley) ... 104
Mary, Lois (See Keeney, Edmund L.) ... 422

Methylnicotinamide ... 393
Microdetermination of Antimony. Maren, Thomas H. ... 338
Murphy, George E.: Salicylate and Rheumatic Activity ... 1

Observations on the Incidence of Tinea Pedis in a Group of Men Entering Military Life. Ajello, L., Keeney, E. L. and Broyles, E. N. ... 393

Paralysis ... 218
Parson, William: (See Howard, John Eager) ... 291
Penicillin in experimental pneumonia ... 411
Periarteritis nodosa ... 43
Periarteritis Nodosa Occurring in the First Month of Life. Wilmer, Harry A. ... 275
Peripheral Neuritis. Harvey, A. M., Kuffler, S. W., and Tredway, J. B. ... 83
Phosphorus, urinary excretion after fracture ... 291
Pneumonia, penicillin treatment of ... 411
Poliomyelitic Changes in Multinucleated Neurons, with Special Reference to the Site of Action of Virus in the Cell. Bodian, D. ... 49

Rat Bite Fever Due to Streptobacillus Moniliformis Treated with Penicillin. Case Report. Weber, R. A. and Favour, C. B. ... 132
Rheumatic fever, salicylate treatment of ... 1
Rich, Arnold R.: Hypersensitivity to Iodine as a Cause of Periarteritis Nodosa ... 43

Salicylate and Rheumatic Activity. Murphy, G. E. ... 1
Santora, Edward (See Keeney, Edmund L.) ... 422
Schaub, Isabelle G.: The Significance of Streptococci Isolated from the Female Urinary Tract ... 372
Scholz, Roy O.: Epivascular Choroidal Pigment Streaks, Their Pathology and Possible Prognostic Significance ... 345
Significance of Streptococci Isolated from the Female Urinary Tract. Schaub, I. G. and Davis, J. E. ... 372
Sodium Caprylate. A New and Effective Treatment for Dermatomycosis of the Feet. Keeney, E. L., Ajello, L., Lankford, E., and Mary, L. Technical assistance of Santora, E., Ajello, G., Britt, L., and Bacon, J. ... 422
Spasticity ... 218
Stein, Kay Eisenberg: (See Howard, John Eager) ... 291
Streptococci isolated from the female urinary tract ... 372
Streptococcus, B-hemolytic ... 143
Studies on Patients Convalescent from Fracture. III. The Urinary Excretion of Calcium and Phosphorus. Howard, J. E., Parson, W. and Bigham, R. S., Jr. ... 291
Study of a Food-Borne Epidemic of Tonsillitis and Pharyngitis Due to β-Hemolytic Streptococcus, Type 5. Commission on Acute Respiratory Diseases, Fort Bragg, North Carolina ... 143
Study of Spasticity and Paralysis. Wagley, P. F. ... 218
Sulfanilamide toxicity ... 104
Suppression as an Adjunct to the Therapy of Malaria in Non-Malarial Areas. Lewis, R. A. and Kibbe, F. W. ... 211

Thioureas and allied substances 291
Tinea pedis 440
Toxicity of Sulfanilamide on Higher Nervous Activity. Gantt, W. H., and Marshall, E. K., Jr. 104
Tredway, John B. (See Harvey, Abner M.) 83
Two Cases of Periarteritis Nodosa Occurring in the First Month of Life. Wilmer, H. A. 275

Urinary tract, streptococci of 372

Vance, Graham A.: Clinical and Electrocardiographic Response to N-Methylnicotinamide Chloride Administration in Man 393
Vedder, H. (See Gey, G. O.) 116
Vitamin A 101

Wagley, Phillip F.: A Study of Spasticity and Paralysis 218
Weber, Robert A.: Rat Bite Fever Due to Streptobacillus Moniliformis Treated with Penicillin. Case Report 132
Williams, Robert H.: Comparison of the Antithyroid Action of Thioureas and Allied Substances 314
Wilmer, Harry A.: Two Cases of Periarteritis Nodosa Occurring in the First Month of Life 275
Wilson, Catherine E.: The Control of Experimental Pneumonia with Penicillin. I. Comparison of Inhalation and Injection Therapy 411
